Our Philosophy

Privacy First

All AI processing happens on your device. Your data never leaves your control.

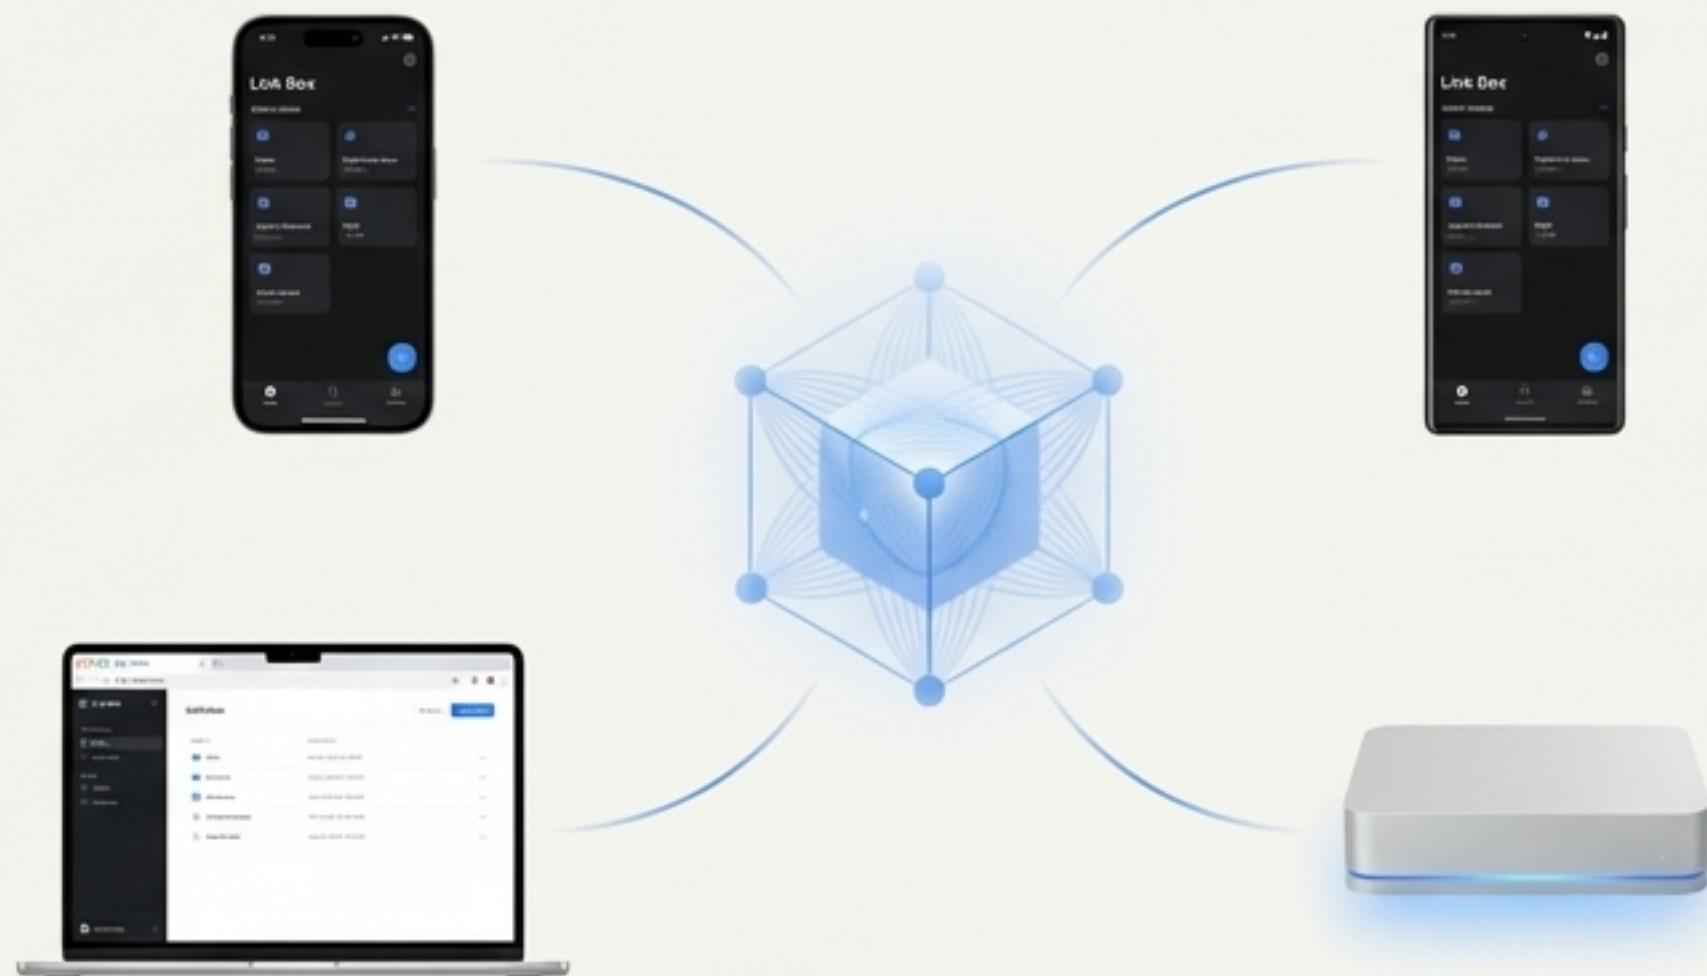

Unified Experience

One seamless interface for your entire digital world, with identical features across all platforms.

Open Integration

Connect with 50+ third-party services while maintaining privacy.

The Link Box Ecosystem. Always in Sync, Everywhere You Are.

A consistent, native feel on every device you own.

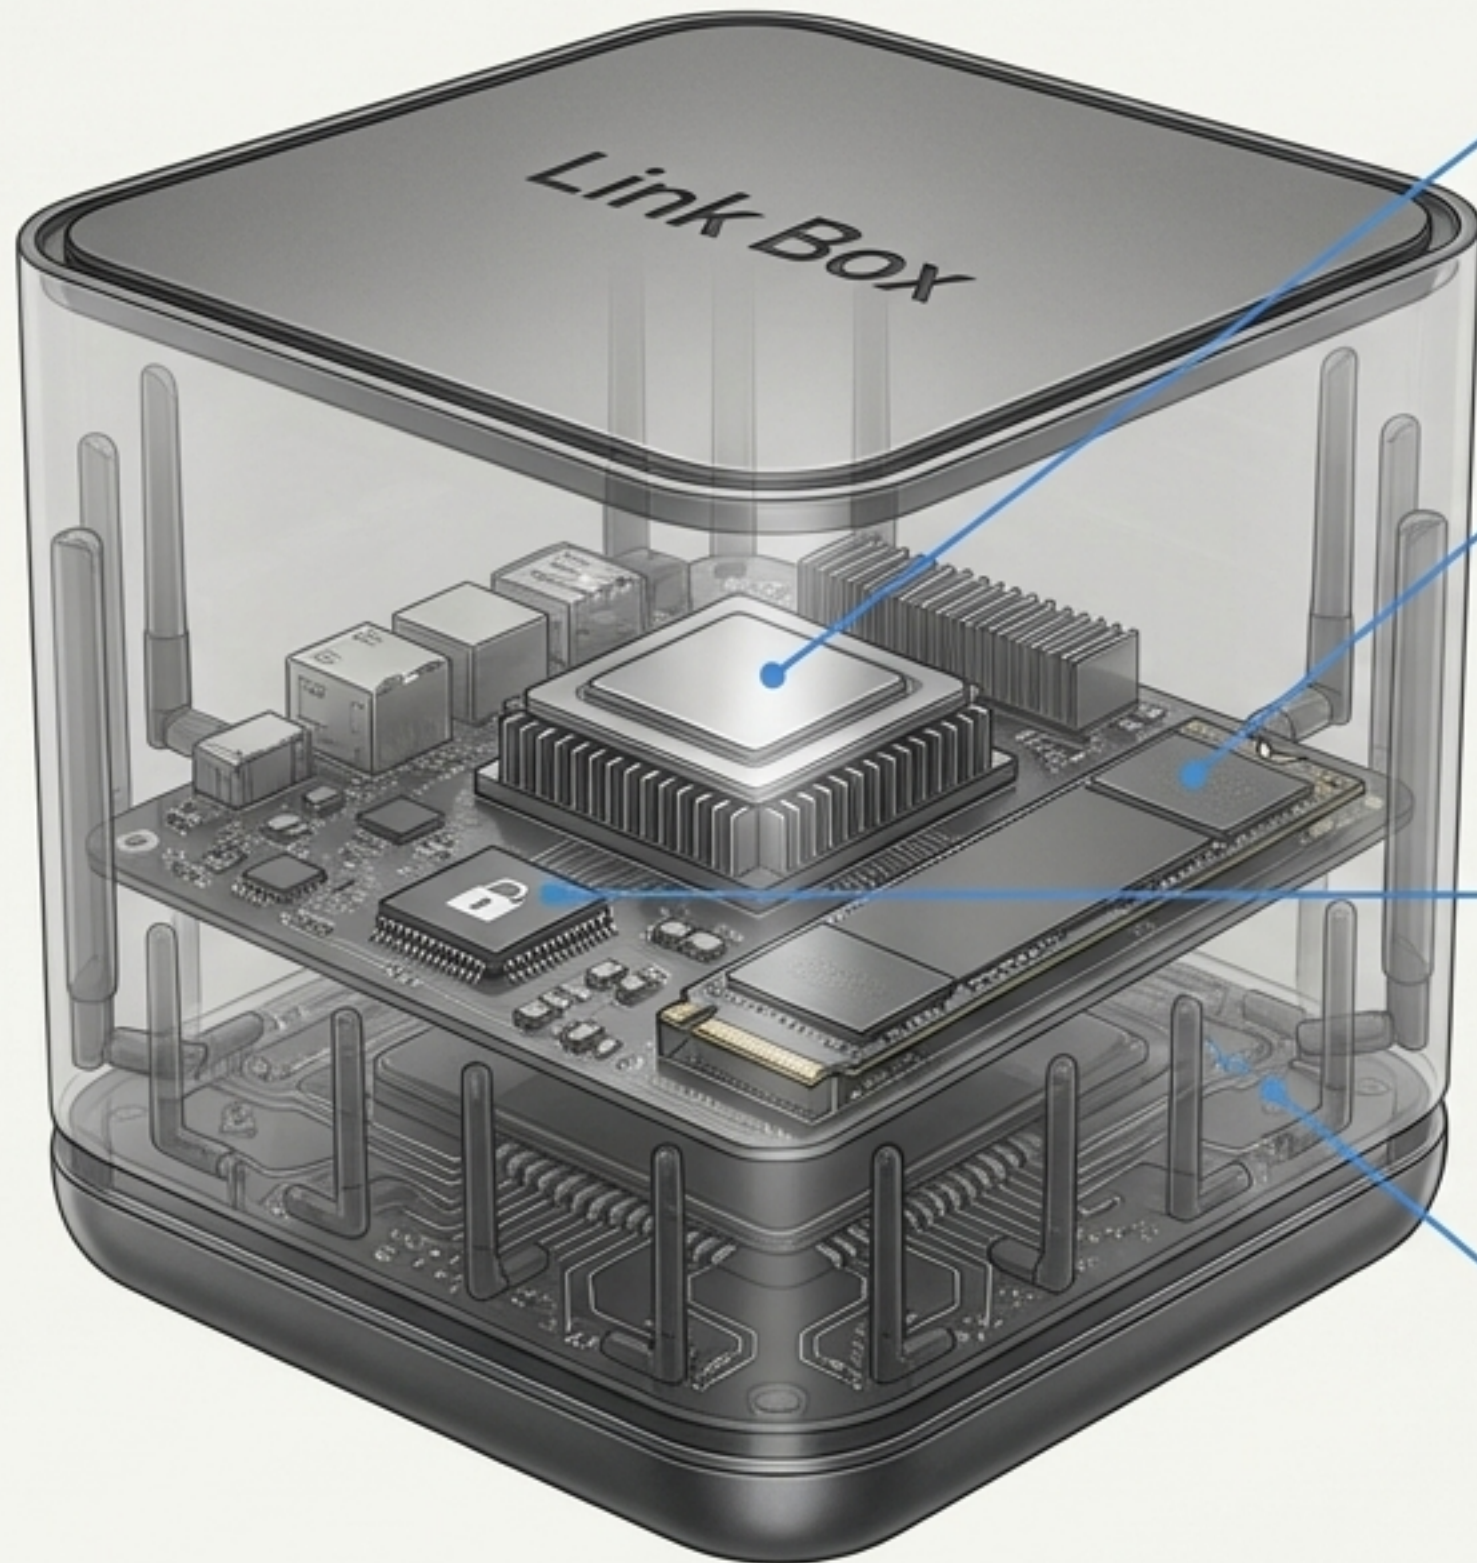

Full offline mode ensures access even without an internet connection.

Powerful, on-device AI processing means your data stays with you.

The Brains Behind the Operation: The Link Box Hub.

- **Dedicated AI Power:**

40 TOPS Neural Processing Unit for on-device analysis.

- **Encrypted Local Storage:**

1TB NVMe SSD with hardware AES-256 encryption.

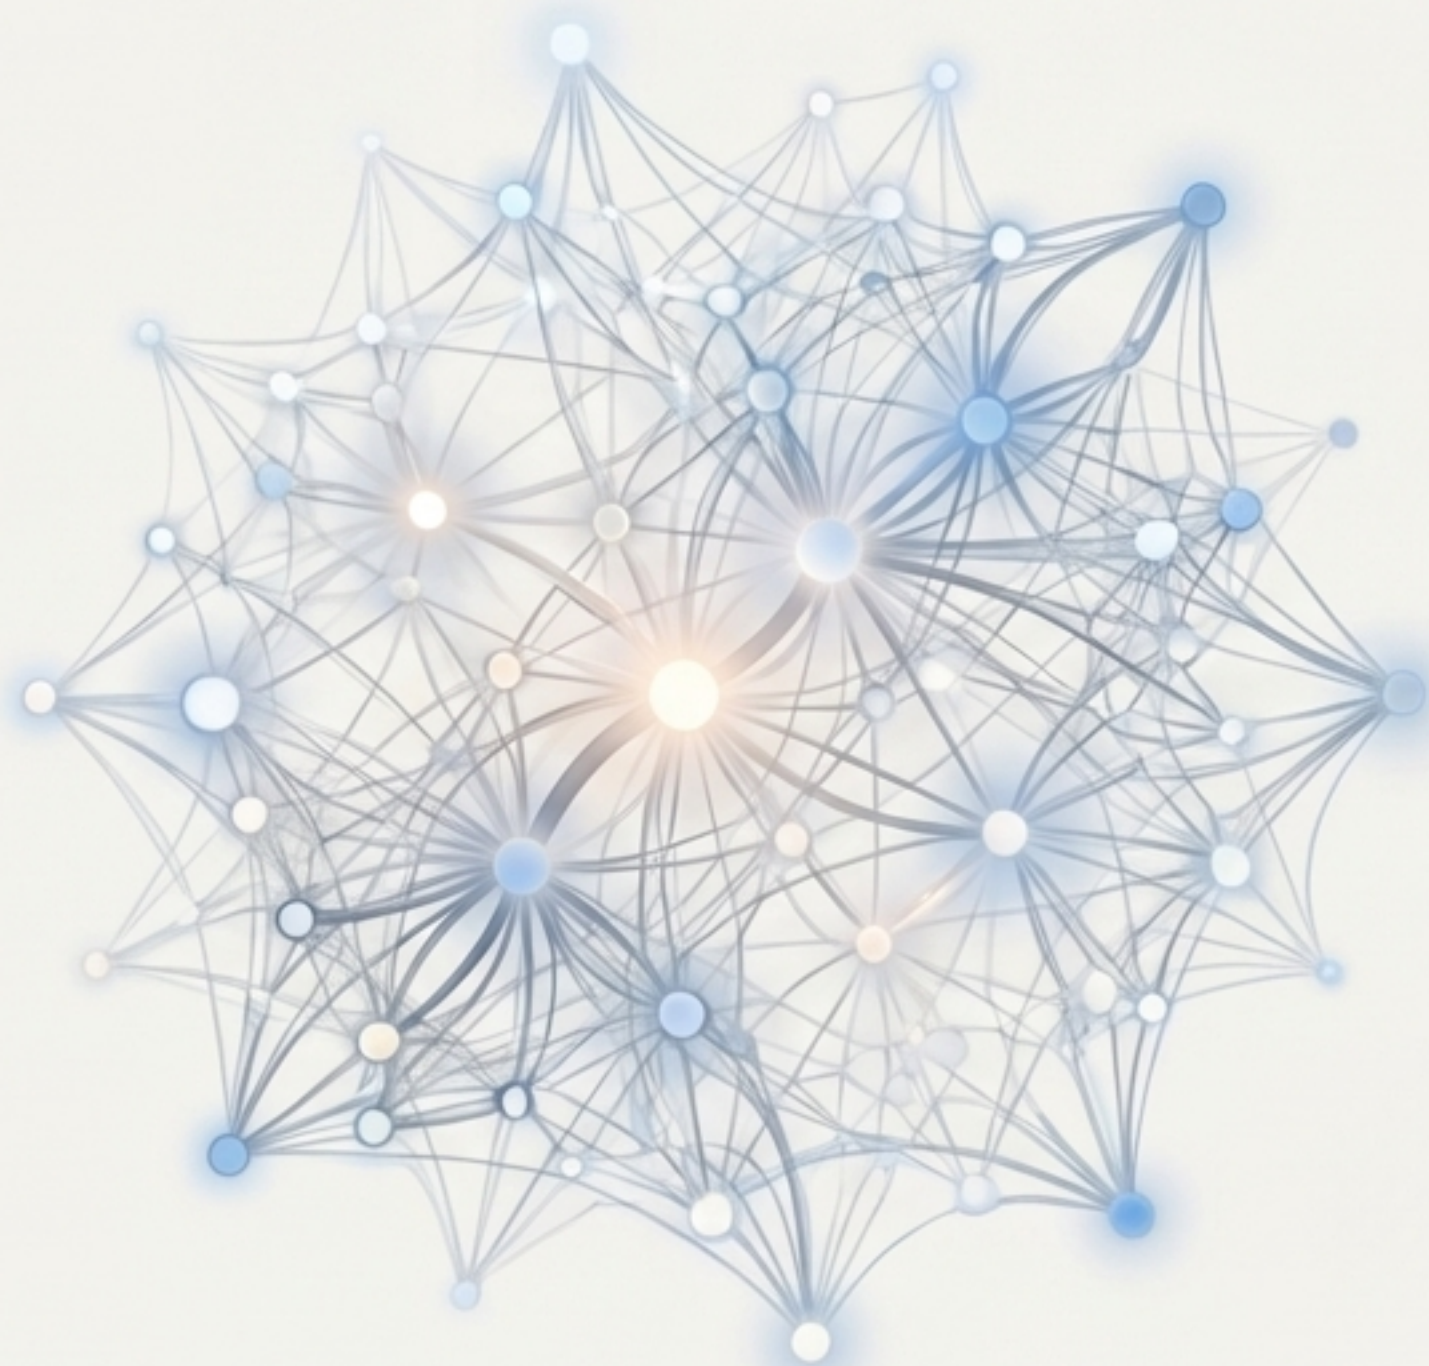

- **Ironclad Security:**

Secure Boot with a verified chain of trust.

- **The Center of Your Home:**

Complete Smart Home control with Matter, Thread, and Zigbee 3.0.

Build Your Second Brain

Universal Import

Capture content from 50+ services like Notion, YouTube, and Twitter with a single click.

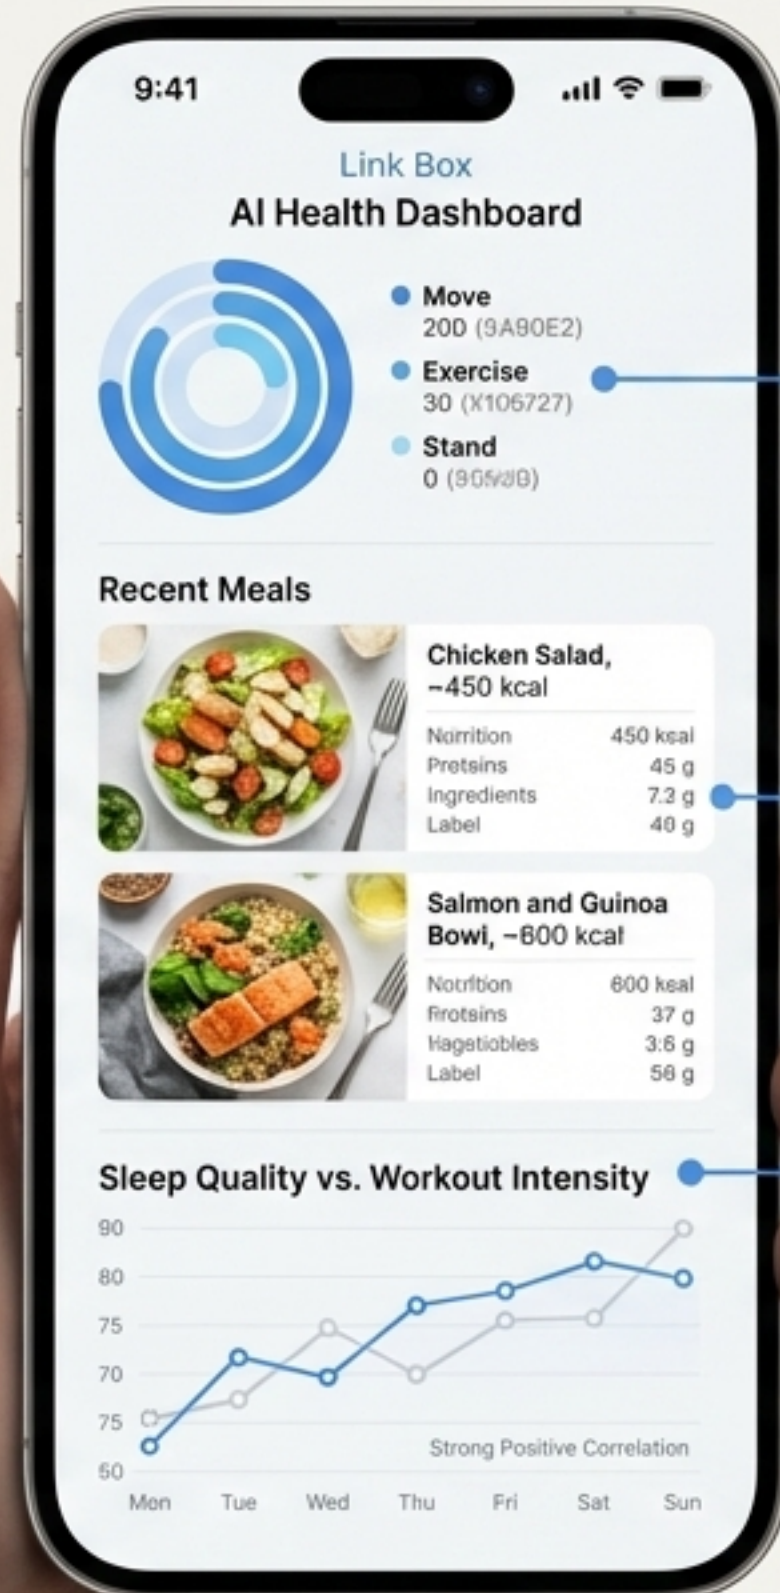

Semantic Search

Ask natural questions and get meaningful answers. Example: “What did I learn about nutrition last month?”

Multi-Document Synthesis

Automatically generate summaries, comparisons, and key takeaways from multiple sources at once.

From Meals to Mindfulness, Quantified and Understood

AI Meal Logging

Snap a photo of your meal and let the AI analyze ingredients and estimate nutrition.

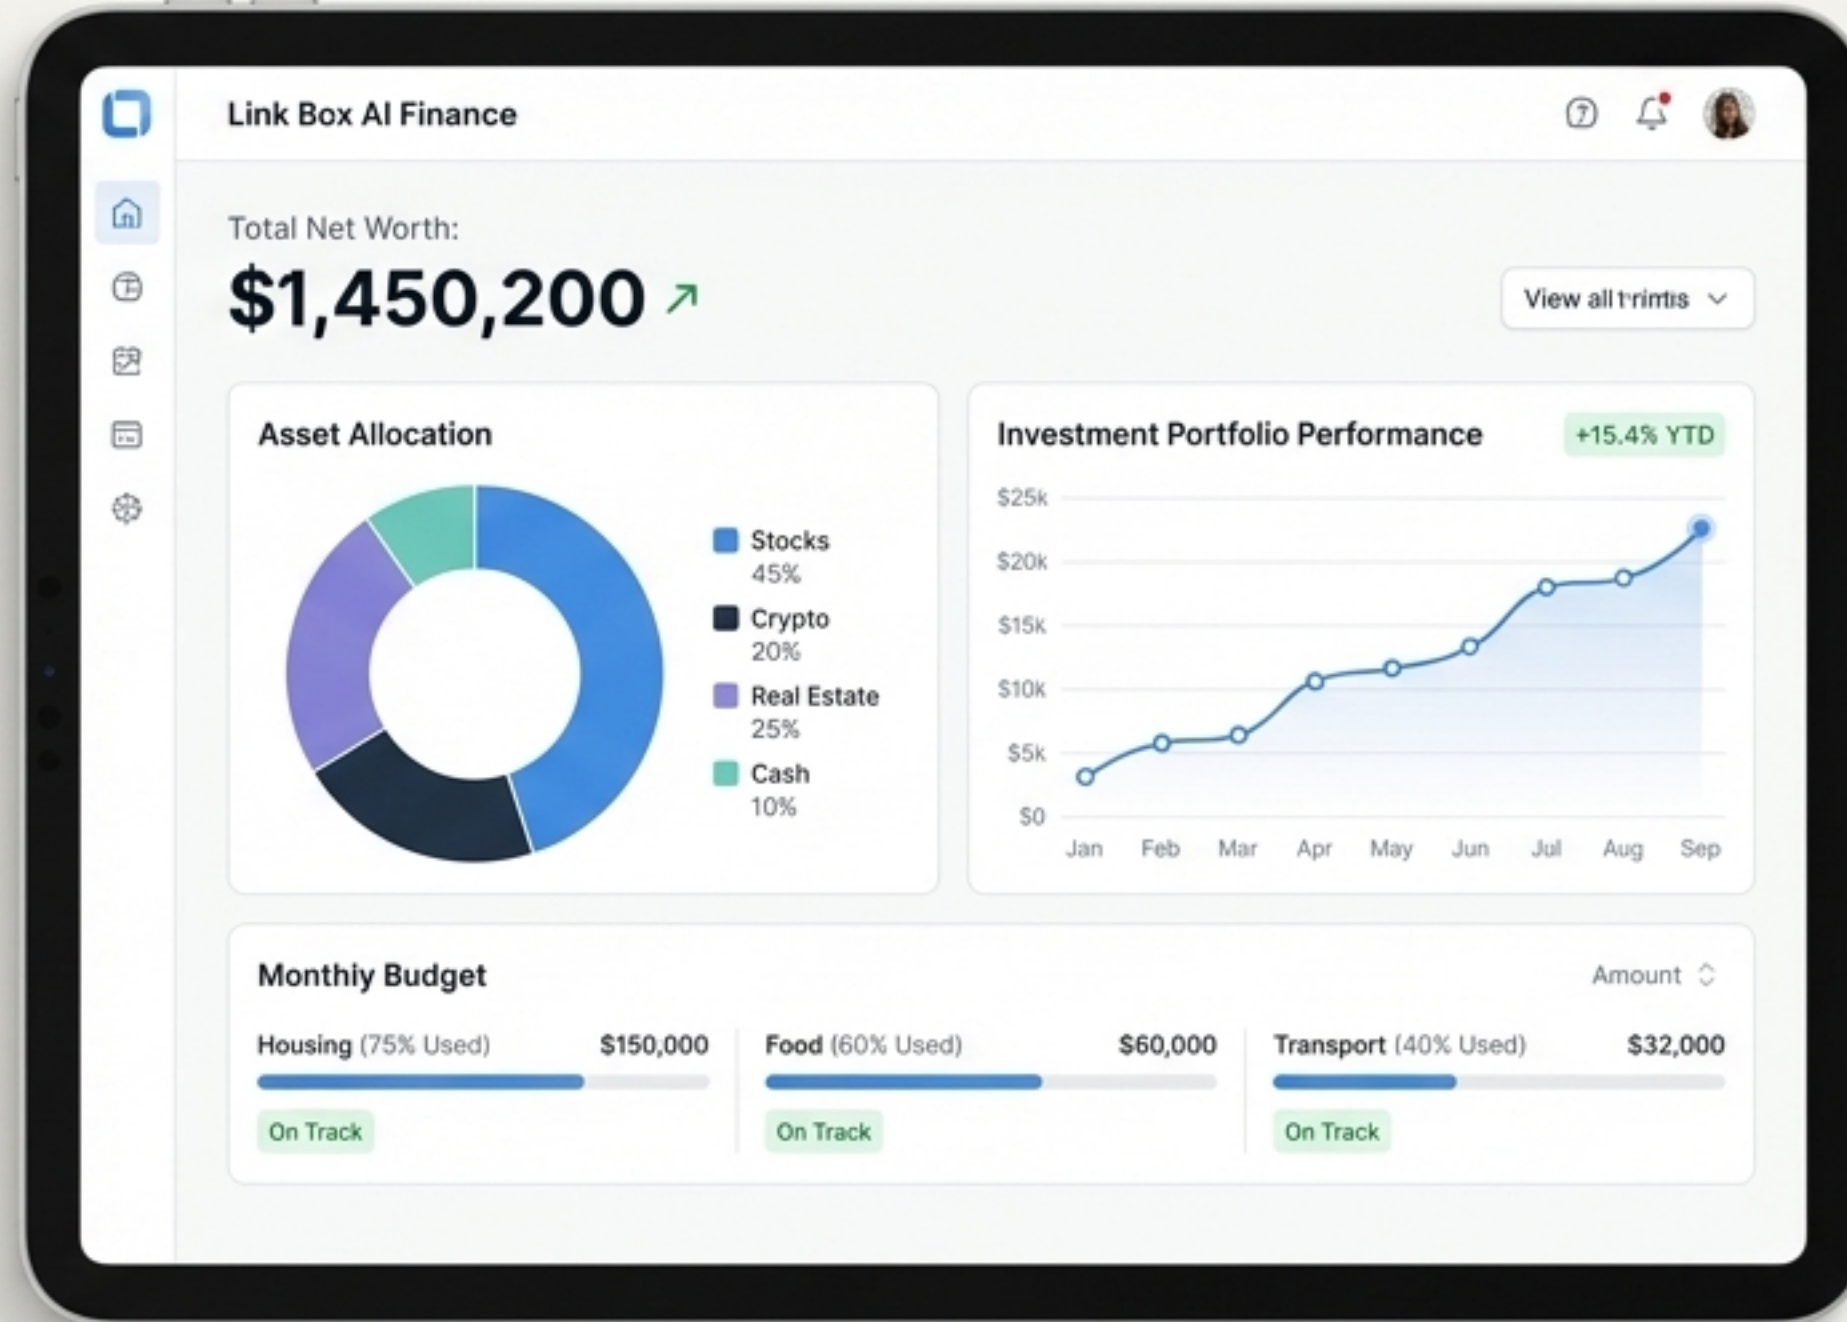

Automatic Workout Sync

Seamlessly integrates with Apple Health and Google Fit—workouts are logged automatically.

Personalized AI Insights

Receive actionable observations based on your data, such as “Sleep quality correlates with workout intensity” or “You’re trending 15% more active this month.”

Command Your Financial Future in One Secure Place

Secure Account Sync

Connect to over 12,000 institutions with read-only, bank-level 256-bit encryption.

Intelligent Budgeting

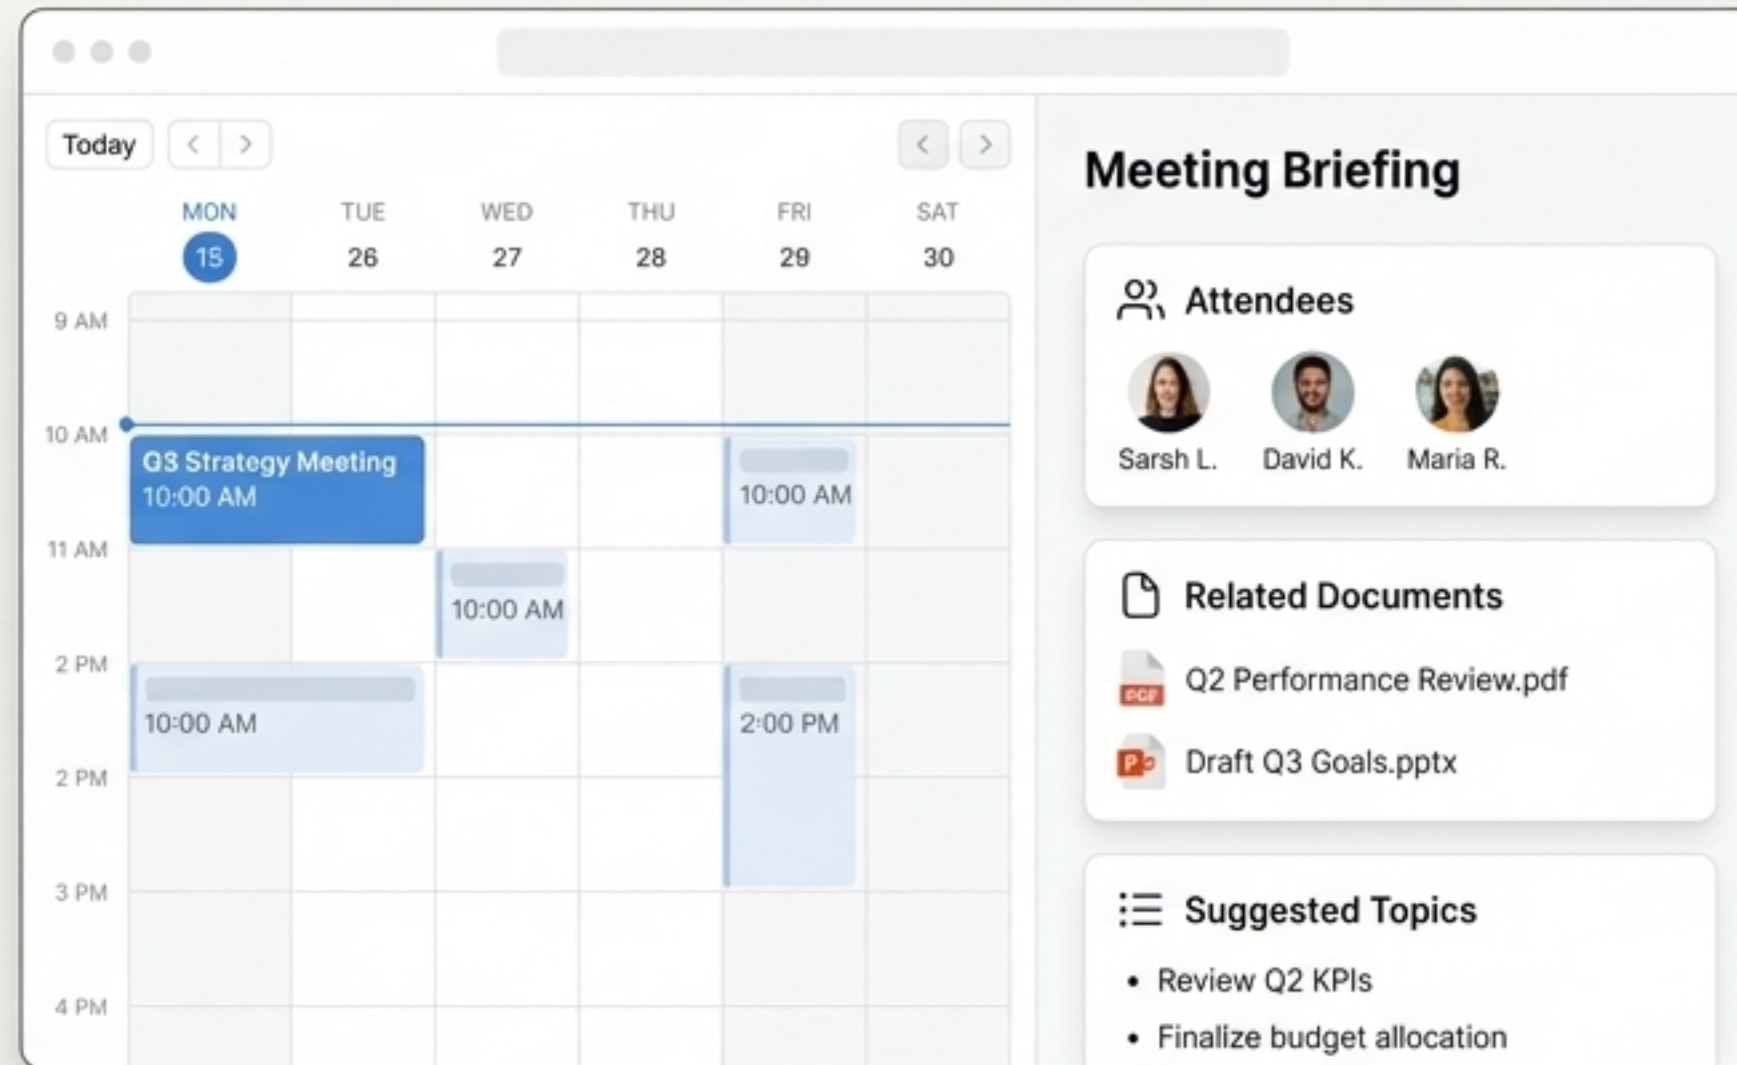

AI-powered transaction categorization learns your spending habits and provides proactive recommendations.

Unified Portfolio Tracking

Monitor all your investments in real-time, from stocks and ETFs to crypto holdings.

Reclaim Your Focus. Never Miss a Beat.

Automatic Meeting Prep

Before each meeting, receive a briefing with attendee profiles, related documents, and suggested agenda topics.

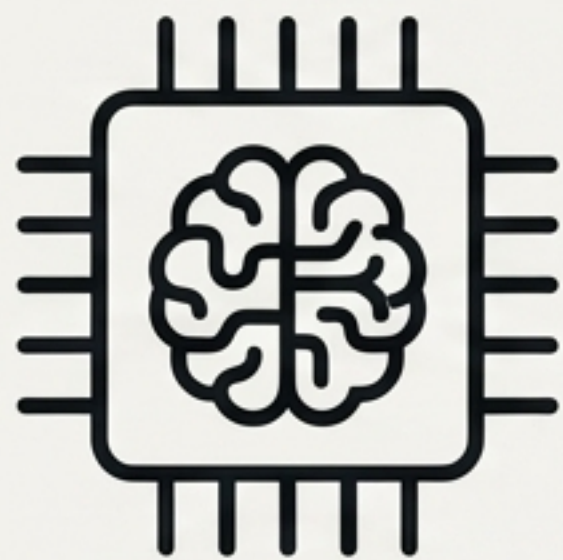

AI-Powered Focus Time

Intelligently analyzes your calendar to find and schedule deep work blocks, automatically silencing distractions.

Smart Deadline Tracking

AI detects deadlines from your emails and events, automatically adding them to a dashboard to keep you on track.

Your Data is Yours. Period.

On-Device Processing

All AI analysis happens locally on your device or Hub. Nothing is sent to the cloud unless you explicitly opt-in for backups.

End-to-End Encryption

Your data is encrypted at rest (AES-256) and in transit (TLS 1.3), making it unreadable to anyone but you.

Zero Knowledge Architecture

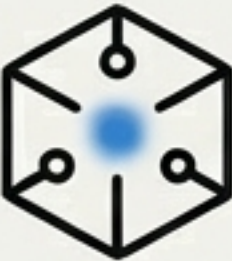

We are architecturally incapable of seeing your data. We can't see it, and we don't want to.

Audited & Compliant

Independently audited and certified for SOC 2 Type II, GDPR, and CCPA compliance.

A Unified Platform. Choose Your Entry Point.
